

We recently had Pergo floors installed, and First Choice Remodeling, Inc did an excellent job. We told them the time frame we would like to start. They then came out to measure, ordered the materials the next day. Within 10 days start to finish, the job was completed. The installer's were very efficient, reliable and did a great job with little mess. We would personally recommend First Choice for any remodeling project. Thanks to Dominic Vargas we are very satisfied with our new floors.

Sincerely,

Sheldon and Angie Cowin
